- 12-13 Henry 1840
- 14-15 Henry 3045 & 4045
- 16-18 Accessories
- 19 Brushes and Pads

## It all started with a Smile...

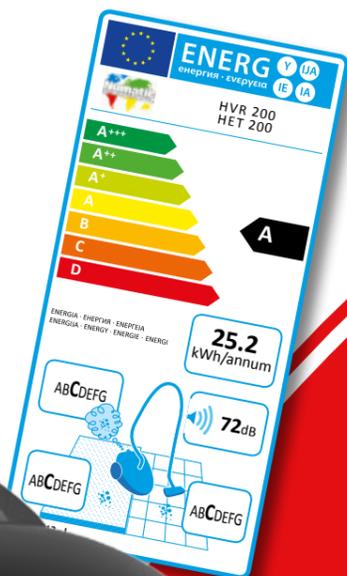

40 Years ago we added a face to our already popular NV250 commercial vacuum. The response to adding a simple smiling face was tremendous, resonating with professional cleaners working long

and anti-social hours. Demand for the face was instant and Henry was born. Henry's smile is just as welcome and popular as ever with over 10 million sold worldwide over the last 40 years.

# Henry<sup>HVR200</sup> Hetty<sup>HET200</sup>

The original 200 series, a trusted and familiar face on the outside with the latest innovation inside.

With the introduction of ECO technology, Henry not only gives you unbeatable cleaning but now also saves substantially on energy costs... better and clever!

Wet pick-up nozzle

# George GVE370

A true "all in one machine" be it dry vacuuming, wet vacuuming, scrubbing and drying hard floors, deep cleaning the carpet, cleaning the upholstery or unblocking the sink George is your man.

When dry vacuuming you have big filters and a dust bag. In wet mode, a simple exchange of the dry filter for the safety float valve allows any number of wet tasks to be achieved. When in spray extraction mode the tank within a tank system maintains the compact convenient size for every use.

GVE370

Extraction pick-up

Reversible scrub head

Reversible squeegee head

# Henry LoLine HLL332

The Henry LoLine provides the cleaning performance of much bigger models but is lighter in weight, compact and convenient in storage.

Simplicity and ease of use is at the heart of Henry LoLine's design with no compromise in performance. Any operator can quickly master professionally clean floors. A cleaning speed of 200rpm coupled with a huge selection of pads, brushes and accessories makes this a truly versatile floor care solution.

The unique folding design allows for compact storage in the tightest of cleaning cupboards. A weight of 18kg makes for easy transportation and handling.

Professional performance, easy to use, lightweight, floor care versatility, with the Henry LoLine you have it all... and a smile of course.

HLL332

- Pads & Brushes**  
 Full range of 33cm (13") brushes and pad drives for all primary floor care functions.
- Easy Storage**  
 Only 18kg in weight, compact size and folding design means it's easy and convenient to move and store.
- 200rpm**  
 200rpm means versatility but equals performance of bigger more industrial machines.

(See page 19 for Brushes and Pads)

# Henry FMH1515

Ask any professional cleaner to select the most essential equipment for their cleaning regime and the answer will include a tough professional vacuum and powerful rotary floor machine. Now you have a Henry to serve each and every task.

The Henry FMH is built on our time tested Hurricane series, tested across the globe providing tough cleaning every day, day in day out. The heart of the Henry FMH is a powerful oversized Hurricane 1500W drive motor allowing for higher speeds and the use of added weight as required.

User operation is straightforward whilst the transmission of power to the floor is seamless via the longlife oil filled planetary gearbox. This results in a floor machine that really is a pleasure to use.

The Henry floor machine... professional cleaning power and reliability you can expect from the trusted Henry range.

- Planetary Gearbox**  
 Longlife, oil filled, low load planetary gearbox.
- NuLoc2 Systems**  
 Optional pad interchange systems, quick, simple and secure.
- ATC (Automatic Torque Control)**  
 Monitoring and balancing power input throughout the cleaning cycle.
- Fully Adjustable Handle**  
 Adjustable for the perfect position.
- Accessories**  
 A range of accessories available to cover wet applications, carpet shampooing, vacuum polishing and floor sanding.

# Henry HGB3045 & Hetty HBG3045

You know his smile, you'll love his simplicity, reliability and of course clean, dry floors day in day out.

The Henry HGB battery scrubber dryer brings innovation to the new extended Henry range. No matter the cleaning task you'll always have a Henry to hand.

GelTec batteries are standard, providing long lasting power whilst completely maintenance free. Controls are kept simple and straightforward. Each component is colour coded, guiding any user during set up, use, emptying and cleaning of the machine.

# Henry HT4045

Our Henry mains cable scrubber dryer is built on the foundations of one of our most successful TwinTec series, the TT4045.

There are occasions when there is simply no substitute to the power of a mains cable scrubber dryer. Rough flooring, heavy soiling and high friction non-slip floor coverings can often demand the most powerful cleaning. With three times the power of a battery machine the Henry HT is there when you need him.

You couldn't find a scrubber dryer that's easier to use and maintain. Controls are kept simple and straightforward whilst components are colour coded to guide users when filling and emptying. Henry has become the professional cleaners choice to millions through hard work, and reliability... the Henry HT offers more of the same with a smile.

Fully adjustable handle

- **TwinFlo Vacuum Motor**  
Provides exceptional wet pick-up.
- **Structurofoam Tilting Brush Deck**  
Making brush changes quick and simple.
- **Planetary Gearbox**  
Longlife, oil filled, low load gearbox.
- **Simple Control**  
Simple on / off trigger controls.
- **Polyform Tanks**  
Heavy duty clean and dirty water tanks.
- **Flexifill System**  
Easy filling and emptying system.
- **Structurofoam Chassis**  
Incredibly tough and chemical resistant Structurofoam moulded chassis.

Easy fill flexifill hose

# Optional Accessories

With each HomeCare model we have provided a comprehensive accessory kit to complement the machines function and performance.

## HepaFlo Dust Bags

All HomeCare machines use our high efficiency, giant HepaFlo dust bags ensuring excellent performance and clean and simple emptying.

**HepaFlo NVM-1CH 10 per pack (604015)**  
Fits all James, Henry, Hetty & Harry models.

**HepaFlo NVM-2BH 10 per pack (604016)**  
Fits all Charles and George models for dry use only.

## Filters

For HomeCare models there are optional filters to achieve a range of filtration requirements.

**MicroFresh Odour Control Filter (604170)** Not compatible with HVR / HET160.

The 3-layer MicroFresh filter system enhances filtration standards to 98% at 0.5 micron but equally important, it embodies a giant activated charcoal filter membrane sandwiched between twin TriTex filters, providing an effective odour control system for pet loving people!

**MicroTex Filter (604311)** Not compatible with HVR / HET160.

This multi-layer high efficiency filter has been developed for the Henry Micro machine and when used in conjunction with the HepaFlo NVM-1CH dust bags (above) will upgrade the machine to the full British Allergy Foundation approval standard (Dry Use Only).

## Brushes and Nozzles

**AiroBrush Black (601227)**  
Unique AiroBrush for superb carpet care, fits all models.

**HairoBrush (601228)**  
Unique HairoBrush for excellent pick-up of pet hair especially on furniture and stairs.

**MultiFlo 300mm (900918)**  
Hard floor brush.

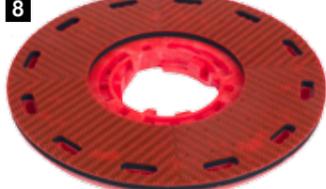

## Tubes Sets 32mm

- 1- 3-piece Aluminium Tube Set (601054)
- 2- Aluminium Extension Tube, 422mm (601024)
- 3- 3-piece Stainless Steel Tube Set (601053)
- 4- Stainless Steel Extension Tube, 422mm (601008)

# Brushes and Pad Drives

Careful selection of quality brushes and pads will ensure your FloorCare machine always operates at its best.

<p><b>1</b>  <b>Polyscrub Brush</b> General scrubbing duties suitable for most floor types.</p>	<p><b>2</b>  <b>Nyloscrub / Shampoo Brush</b> Suitable for when lighter scrubbing is required. Can be used for shampoo cleaning.</p>	<p><b>3</b>  <b>Union Mix Polish Brush</b> Ideal for polishing uses a well-proven mix of high quality bristles for optimum results.</p>	<p><b>4</b>  <b>Longlife Scrubbing Brush</b> Can provide extended cleaning life in comparison to standard scrubbing brushes. Suitable for general scrubbing.</p>
<p><b>5</b>  <b>Longlife Light Scrubbing Brush</b> Can provide extended cleaning life in comparison to alternative light scrubbing brushes. Suitable for light scrubbing and polishing.</p>	<p><b>6</b>  <b>Floortec Heavy Duty Scrubbing / Stripping Brush</b> Can provide extended cleaning life in comparison to alternative heavy duty scrubbing brushes. Suitable for heavy duty scrubbing.</p>	<p><b>7</b>  <b>PadLoc Drive Board</b> A simple, effective and easy to use system. Pads are located securely and perfectly centred every time. Suitable for general use.</p>	<p><b>8</b>  <b>NuLoc2 Drive Board</b> Alternative to PadLoc that may be required when using a rotary machine in certain circumstances. Suitable for general use.</p>
<p><b>9</b>  <b>High Speed Spider NuLoc2 Drive Board</b> Spider design specification provides optimum stability needed for 450rpm speed machines. NuLoc2 offers an alternative to PadLoc.</p>	<p><b>10</b>  <b>Porcupine Pad Holder</b> Can be used as an alternative pad drive board when required.</p>	<p><b>11</b>  <b>Nuplex Pad</b> Low water, chemical free maintenance suitable for a wide range of applications.</p>	<p><b>12</b>  <b>Wire Scarifying Brush</b> Suitable for scarifying a range of floor surfaces, typically used in preparation of concrete flooring.</p>
