

TASKI® Auto Scrubber Driers cont.

TASKI swingo 2500

Large ride-on, 70 cm (28 inch) auto scrubber drier feature easy handling even in narrow and congested areas, and an innovative squeegee system that quickly dries floors.

- Unbeatable cleaning performance
- Unique ergonomics
- Reliability and durability
- Unrivalled productivity

TASKI swingo 4000

Large 85 cm (34 inch) auto scrubber drier with 200lt tank. The TASKI swingo 4000 is one of the new generation of large high productive and efficient scrubber driers loaded with features to lower your operating costs.

- Unmatched productivity
- Powerful cleaning and drying results
- Total reliability
- Intelligent solutions

TASKI swingo 5000

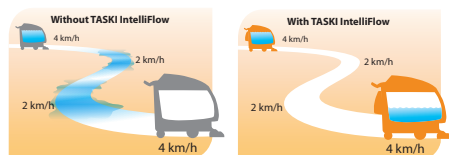

Large 105 cm (40 inch) auto scrubber drier with 200lt tank. The TASKI swingo 5000 is one of the new generation of scrubber driers that improves your total cost of ownership by high capacity and enhanced efficiency.

- Unmatched productivity
- Powerful cleaning and drying results
- Total reliability
- Intelligent solutions

Maximize your productivity and minimize your environmental footprint & cost by choosing for TASKI swingo Intelligent solutions.

IntelliFlow:
do not sacrifice
precious time

- Productivity increase by cutting the number of time-consuming tank-filling stops
- Equally dry floor and reduced risk of slip fall accidents caused by water left behind in curves and turns
- Water and chemical savings due to reduced need of cleaning solution
- Higher efficiency and labour cost savings

TASKI machines with IntelliFlow use speed-dependent application technology to always deliver a consistent amount of solution per square foot, decreasing the number of tank refills and wasted water.

IntelliDose:
Up to 45.000 m²
with one pouch

- Simple pouch change—acoustic warning signal indicates when pouch is empty
- Closed pouches for secure handling and no operator contact with chemicals
- 5 times less chemistry used, resulting in less storage space and 90% packaging material reduction

IntelliTrail:
Knowing today, ready
for tomorrow

TASKI IntelliTrail is a web-based GPS machine tracking solution that enables locating, monitoring and managing of machine fleets.

- Provides total visibility of assets and monitors machine working time, negligent use, and sends notification when leaving a predefined area.
- Helps reduce total cost of cleaning and administration, provides a highly costcompetitive, effective solution for fleet management.

You can simply purchase your chosen machine with Sealed Air, Diversey Care or through our distribution partners.

Rental & Leasing

Diversey Care works together with De Lage Landen Finance to support purchase and fixed term rental agreements for a purchase value greater than 10.000 EURO.

This enables you to:

- acquire the best machine suited to the task, not the current budget
- predictable costs fitting your budget
- acquire state of the art equipment

For more details contact your local representative.

TASKI Service Contracts

At DiverseyCare, we understand that your equipment is an essential investment for your daily operations. Service contracts will ensure your machine is kept in the best working condition.

Instruction & Support

You can benefit from the expertise of our TASKI specialists by having a professional instruction on your newly delivered machines. We also provide training material for ongoing site support.

Innovation & Sustainability

Sealed Air, Diversey Care strives for innovative and sustainable cleaning solutions, leading globally the industry toward a cleaner and healthier future.

Consider a service contract to keep your asset in perfect running order? Let us make your acquisition simple and cost effective.

The well-being of people everywhere depends on a sustainable world. Sealed Air's Diversey Care Division offers solutions for infection prevention, kitchen hygiene, fabric care, building care and consulting. Our solutions protect brands, deliver efficiency, improve performance for our partners in health care, food service, retail, hospitality and facility services. Our leading expertise integrates product systems, equipment, tools and services into innovative solutions that reduce water and energy usage and increase productivity. By delivering superior results, we help create profitable sustainable enterprises for a cleaner, healthier future.

Contact details:

TASKI® Vacuums

Dry, tub or upright, TASKI vacuums are built to address all your cleaning needs

TASKI vento 8S and 15S

Electric tub vacuum cleaners are designed for maximum maneuverability and stability while enhancing air quality via an industry leading filtration system.

- Multifunctional handle
- Improved air quality
- Easy to maneuver caster system

TASKI dorsalino

Lightweight and ergonomic backpack vacuum which can be adjusted according to the operators preferences. It makes working convenient and therefore increases productivity.

- Fatigue-free cleaning
- Quiet operation
- Versatility

TASKI jet 38 and 50

Twin motored upright vacuum with exceptional performance and durability. Available as 38 cm or 50 cm width models.

- Power and efficiency
- Versatility
- Improved air quality
- Simple handling and ergonomic operations

TASKI tapiset 70

Brush vacuum cleaner for large areas providing high working efficiency and productivity and high cleaning quality.

- Increased efficiency
- Ergonomy and simplicity
- Maximum versatility
- Improved air quality

TASKI® Carpet Care

TASKI carpet care machines remove dust, allow spot cleaning and revitalise carpet with interim or restorative cleaning.

TASKI aquamat 10.1

Restorative cleaning through spray extraction is the ultimate way of thoroughly cleaning your carpets. It increases the lifetime of your carpets by removing ingrained dirt whilst maintaining the high appearance levels of your carpet.

- Excellent deep cleaning results Quick and effective spot cleaning
- Ease of transportation
- Complete range of accessories

TASKI aquamat 20

Restorative cleaning through spray extraction is the ultimate way of thoroughly cleaning your carpets. It increases the lifetime of your carpets by removing ingrained dirt whilst maintaining the high appearance levels of your carpet.

- Excellent deep cleaning results Quick and effective spot cleaning
- Ease of transportation
- Complete range of accessories

TASKI procarpet 30 & 45

Two unique and innovative carpet care machines available in 30 lt or 45 lt size, allowing operator to choose between interim and restorative cleaning with only one machine. This increases the lifetime of your carpets by removing ingrained dirt whilst maintaining the high appearance levels of your carpet.

- Excellent restorative and interim cleaning
- Mechanical brush agitation
- High productivity
- Ease of operation

TASKI swift 35

Intermediate carpet cleaning machine 35 cm (14 inch) machine uses dry foam to delivery excellent cleaning results.

- Innovative dry foam system
- Minimum down time
- Reduced need for restorative cleaning
- Increased productivity

TASKI® Wet & Dry Vacuums

Wet or dry, TASKI vacuums are built to address all your needs

TASKI vacumat 12, 22 and 22 T

12 lt or 22 lt electric wet/dry vacuum cleaner offers ultimate flexibility when used with an easy-to-attach dry vacuuming kit, making the machine truly multifunctional.

- Maximum flexibility
- True versatility
- Increased productivity
- Robustness and durability
- 22 T integrated trolley

TASKI vacumat 44T

Large wet/dry vacuum cleaners feature fixomat squeegee for efficient water pickup and streak-free drying results.

- Improved productivity
- Excellent suction performance
- Ergonomic operation
- Robustness and durability

TASKI® Single Discs

TASKI single-disc machines are designed for ergonomics, cost-efficiency, productivity and high-cleaning performance.

TASKI ergodisc HD

The ergodisc HD is ideal for heavy duty applications, such as floor stripping, marble crystallization or wood treatment.

- Effectiveness
- Robustness
- Ergonomics
- Simplicity

TASKI ergodisc 165

The ergodisc 165 (43 cm, 17 inch) is especially suited for wet scrubbing, stripping, spray cleaning, shampooing and wood treatment.

- Ergonomics
- Safety
- Simplicity
- Versatility

TASKI ergodisc 200

The ergodisc 200 low speed (43 cm, 17 inch) single-disc machines offer quiet, comfortable cleaning and are adaptable to a variety of cleaning tasks.

- Ergonomics
- Safety
- Simplicity
- Versatility

TASKI ergodisc 438 & 400

The ergodisc 400 (43 cm, 17 inch) is a multi-purpose, cost-efficient machines that is especially suited for spray cleaning and buffing.

- Ergonomics
- Safety
- Simplicity
- Versatility

TASKI ergodisc duo

The dual speed ergodisc duo is especially suited for wet scrubbing, stripping, buffing, spray cleaning, shampooing, wood treatment, crystallisation and grinding.

- Ergonomics
- Safety
- Simplicity
- Versatility

TASKI ergodisc omni

A multi-purpose system, the ergodisc omni offers a complete maintenance and stripping system consisting of TASKI ergodisc omni, TASKI omni spray and TASKI omni strip.

- Versatility
- Ergonomics
- Safety

TASKI ergodisc 1200

Ultra High-speed 50 cm (20 inch) burnisher for efficient and quick high-gloss finish.

- High-speed machine (1,200 rpm)
- Especially suited for high-speed buffing and spray cleaning

TASKI ergodisc 2000

Ultra High-speed 50 cm (20 inch) burnisher for efficient and quick high-gloss finish.

- Ultra high-speed machine (2000 rpm)
- Especially suited for ultra high-speed buffing
- Passive dust retention

TASKI® Auto Scrubber Driers

From small, compact “walk behind” to large “ride-on” machines, TASKI auto scrubber driers provide an unique level of performance across the whole range.

TASKI swingo 150 E

Ultra-compact 33 cm (13 inch) upright auto scrubber drier features a lightweight, compact design perfect for easy, quick cleaning in confined areas.

- Simple and ergonomic operation
- Easy cleaning of confined areas
- Perfect cleaning results and dry floors
- Easy storage

TASKI swingo 350 B and 350 E

Ultra-compact 38 cm (15 inch) auto scrubber drier is designed with a low machine profile and a handle that folds backwards for easy access under tables or racks.

- Accessibility of confined areas
- Cleaning and drying effectiveness
- Safety and simplicity
- Reliability and robustness

TASKI swingo 455 B and 455 E

Walk-behind 43 cm (17 inch) auto scrubber drier, that can be used in a wide variety of application areas. It is truly versatile for use in all types of small or congested hard floor areas such as retail stores, kitchens, schools, and hospitals.

- Versatility in application
- Excellent performance
- Safety and simplicity
- Reliability and robustness

TASKI swingo 755 B and 755 E

Walk-behind 43 cm (17 inch) auto scrubber drier offers maximum agility in confined areas with a dual-axle system that allows the machine to literally turn on the spot. Available as machine with (Power) or without (ECO) wheel drive.

- Agility and high performance
- Excellent cleaning and drying results
- Durability and robustness
- Simplicity and easy maintenance

TASKI swingo 855 B

Walk-behind 50 cm (20 inch) auto scrubber drier offers maximum agility in confined areas with a dual-axle system that allows the machine to literally turn on the spot.

- Agility and high performance
- Excellent cleaning and drying results
- Durability and robustness
- Simplicity and easy maintenance

TASKI swingo 1255 B

Walk-behind 55 cm (22 inch) auto scrubber drier, ideally sized for performance, features offset brushes for superior cleaning along walls and under fixtures.

- Ideal size for best performance
- Excellent cleaning and drying results
- Simplicity and easy maintenance
- Durability and robustness

TASKI swingo 1650 B and 1850 B

Large walk-behind 65 cm (26 inch) or 85 cm (34 inch) auto scrubber driers provide long run times and brushes that perfectly follow the floor profile for outstanding soil removal. Increased working autonomy.

- Excellent cleaning result
- Immediately dry floors
- Simplicity and ergonomic
- Easy maintenance

TASKI swingo XP-M

Stand-on 75 cm (30 inch) auto scrubber drier excellent manoeuvrability, fast cleaning and increased productivity.

- Greatly increased productivity
- Increased autonomy thanks to micro rotation technology
- Immediately dry floors
- Reduced water and energy consumption

TASKI swingo XP-R

Scrubber drier with sensor steering combines excellent manoeuvrability with speed for faster cleaning and increased productivity.

- Greatly increased productivity
- Round brushes for optimal cleaning performance
- Immediately dry floors
- Reduced water and energy consumption

TASKI IntelliDose

On board dosing system providing control over your chemical consumption costs by ensuring always correct dosing in combination with TASKI IntelliFlow. Available for traction driven scrubber driers.

- Consistency and quality of cleaning result
- Cost control
- Simplicity and safety
- Environmental benefits
